For twenty years, Steven has been presenting film programs. As a former math teacher, his students were leaving class knowing more about movies than multivariate models. Giving into his true passion, Steven began giving film presentations—on everything from baseball to musicals to *Star Wars*—throughout the Chicago area. Two decades later, Steven is still entertaining audiences with his delightful film clips and amusing anecdotes. Witness him in action and catch the enthusiasm!

—Steven and his wife reside in Deerfield, IL
